

Granville Cemetery Commission Meeting Minutes
May 21, 2017
DRAFT

In attendance:

Richard Lee, Mark Belisle and Cheryl L. Sargeant, Cemetery Commissioners

Call to Order: 10:05 a.m.

Public Communication:

Old Business:

- Rick went over the money available to the Commission and what it was to be used for. Part of our expenses is to cover the mowing done each year which is now being done by Steve Twitchell for the next 3 years. Clean up of winter debris and old decorations will be done before Memorial Day weekend and the trash will be taken care of by Rick.
- Cheryl has begun looking into the repair and/or replacement of the gate and fence at the South Hollow Cemetery. She is waiting to hear back from fencing companies and will report at our next meeting.
- Mark to get in touch with Harvey's Plumbing & Excavating LLC before they leave the park down the road to get an estimate for the "swale" project. Project will be to smooth out the gravel, dirt and rocks thrown there by the Sexton after burials to allow access to the back section of Elmwood Cemetery. Mark will report what they say at our next meeting so we can move forward.

New Business:

- Rick, Mark and Cheryl drove to Elmwood Cemetery to view a plot issue and to discuss future work needed in the cemetery. Rick will contact plot owners.

Mark made the motion to adjourn the meeting at 10:45a.m. And Cheryl seconded. All in favor none opposed.

Respectfully submitted,
Mark Belisle
Richard Lee
Cheryl L. Sargeant
