

GRANVILLE PLANNING COMMISSION
MONDAY, MARCH 4, 2019
MEETING MINUTES

6:00 - Call to Order

Roll call: Bill Cavanaugh, Rachel Grigorian, Judy Wood

No public attendees, no public comments.

No communications/bills.

6:05 - Reviewed entire Draft:

- Approved the recent additions and changes made pursuant to TRORC informal review comments.
- Resolved remaining questions but await some required (per TRORC) financial info from Selectboard; and noted several small adjustments to be attended to by Judy.
- Discussed once again the PC decision to *not* seek Energy Compliance certification. Though this had already been discussed with the two current members - because the above-mentioned decision had been made before their appointments - Judy proposed this second discussion in light of TRORC informal review comments which presented a somewhat inaccurate and/or incomplete description of benefits of such certification. As with the earlier discussion, we were in agreement about that decision.
- In re final formatting, Judy mentioned the recommendation that final formatting be done on a Word.doc copy of the Draft, and Bill volunteered to do the formatting corrections thereon when final Draft is ready.

7:20 - Judy made motion to adjourn; Rachel seconded; all in favor.

Judy Wood, Chair
Granville Planning Commission
